Explanatory notes on the Top-Ups

The Top-Ups are paid out in addition [to the regular funding rates for the ERASMUS stay](#).

1. Top-Up for „Green Travel“

You can apply for this Top-Up if you will travel to or from the partner university by one of the following means of transport, which are classified as sustainable by the DAAD (at least 50% of the travel distance):

- Train
- Car pool
- bus
- bicycle
- on foot

The amount of funding is a one-time fee of 50 euros; in addition, there is the possibility of funding for up to 4 additional days of travel. By applying, you agree to keep the original proof of arrival/departure for 5 years and to submit it to the International Office of the Bauhaus-Universität Weimar for verification upon request.

2. social top-up for „first-time academics“

This Top-Up can be applied for by students whose parents have not acquired an academic degree (university of applied sciences or university) recognised in Germany. In the case of single parents, this regulation only applies to the respective parent with whom the child lives.

3. social top-up for „working students“

Students who were employed before starting their studies abroad and who are unable to continue their employment during their stay abroad are entitled to apply for this Top-Up.

For employments subject to social insurance contributions, the following applies:	- monthly earnings 450-850 EUR
	- Regular employment for at least 6 months before the start of the mobility

For mini-jobs the following applies:	- monthly earnings 250-520 EUR
	- Regular employment for at least 6 months before the start of the mobility

Attention! Students who are self-employed are unfortunately excluded from applying (the DAAD is currently discussing an improvement of this regulation).

4. social top-up for „students with child(ren)“

Students who are travelling abroad to study with their child/children can apply for this Top-Up. When applying, you agree to submit the child's birth certificate and proof of travel (e.g. travel ticket) for the child.

The additional funds can also be granted for couples. However, double funding of a child is excluded.

5. social top-up for „students with a disability or chronic illness“

Students with a "degree of disability (GdB)" from 20 to 49 or a chronic illness who are funded for a study abroad programme via ERASMUS can apply for this Top-Up. By applying, you agree to submit a confirming medical certificate.

Students with a GdB of 50 or more can find further information on funding opportunities [here](#).
